GUIDE FOR AUTHORS

NRI invites concise reports of original research in the area of clinical and experimental nutrition. The purpose of NRI is to provide a medium for the rapid communication of advances and newer knowledge of nutrition, nutritional biochemistry and food science. Publication of original reports on all aspects of nutrition, within 90 days of manuscript receipt is anticipated. Authors will be advised of disposition of the manuscript within 30 days of its receipt. Manuscripts should be sent to:—

Anthony A. Albanese, Ph.D.
Editor-in-Chief
Nutrition Reports International
The Burke Rehabilitation Center
White Plains, New York 10605

Authors outside the United States should address manuscripts to a corresponding editor in their own country. Authors in countries not represented by a corresponding editor should send their manuscripts directly to the Editor-in-Chief.

Guide for Authors and Typing Form are available upon request from the Editors.

GUIDE FOR AUTHORS

NRI invites concise reports of original research in the area of clinical and experimental nutrition. The purpose of NRI is to provide a medium for the rapid communication of advances and newer knowledge of nutrition, nutritional biochemistry and food science. Publication of original reports on all aspects of nutrition, within 90 days of manuscript receipt is anticipated. Authors will be advised of disposition of the manuscript within 30 days of its receipt. Manuscripts should be sent to:—

Anthony A. Albanese, Ph.D.
Editor-in-Chief
Nutrition Reports International
The Burke Rehabilitation Center
White Plains, New York 10605

Authors outside the United States should address manuscripts to a corresponding editor in their own country. Authors in countries not represented by a corresponding editor should send their manuscripts directly to the Editor-in-Chief.

Guide for Authors and Typing Form are available upon request from the Editors.

NUTRITION REPORTS INTERNATIONAL is published monthly by
Geron-X, Inc., Publishers, Box 1108, Los Altos, California 94022, U.S.A.
